SEGA SPACE TACTICS

A high skill TV game that will guarantee repeat plays and brimming cash boxes.

SEGA Space tactics brings you excitement and thrills on a grand scale with attacking army of UFO's from outer space.

A realistic cockpit for dynamic driving skill and outstanding real-life 3-D effect.

FEATURES

- ★ The UFO's commence to drop high explosive bombs when they reach a position directly above the base.
- ★ A "Barrier Energy Screen" can be put up over the base by pushing the BARRIER button.
- ★ Barriers can be put up 4 times during the first round and 2 barriers are added for each new round.
- ★ The bases are equipped with missiles to destroy the enemy bombs.
- ★ A special UFO appears and comes in for the attack with unique flying tactics when all three rows of UFOs are destroyed.
- ★ Enemy attacks become progressively faster with each new round.
- ★ Game will be over when all bases are destroyed.
